LEEDS RHINOS

BRAD ARTHUR.

A note from Brad - Head Coach.

When I look back at 2026, I'm proud of how far we've come, but clearly there is work still to do. We've worked hard to raise the standards at this club, and I've seen real growth in this group, both on and off the field. We're building something, and I believe we have the foundations to take it further.

The semi-final defeat hurt. It should hurt. We put ourselves in a position to go further, and we fell short of where we want to be. But that experience needs to make us better, more resilient and more determined to go all the way next time.

As a club, we should be proud of the pathways we have put in place to bring through the most talented young players through our system. I am looking forward to seeing those players make the most of their opportunity, while also welcoming some new faces to the group in 2027.

On behalf of everyone at the Rhinos, I would like to say a special thank you to our supporters. Your backing, whether at AMT Headingley or on the road, matters to us and we want to give you a team you can be proud of.

We made progress in 2026, but we know there is more in us.

The next step starts now, and we want you with us at AMT Headingley in 2027.

ASH HANDLEY.

A note from Ash - Club Captain.

There's nothing quite like running out at AMT Headingley when the place is rocking. You can hear the noise, feel the energy and see what it means to people. As players, we don't take that for granted.

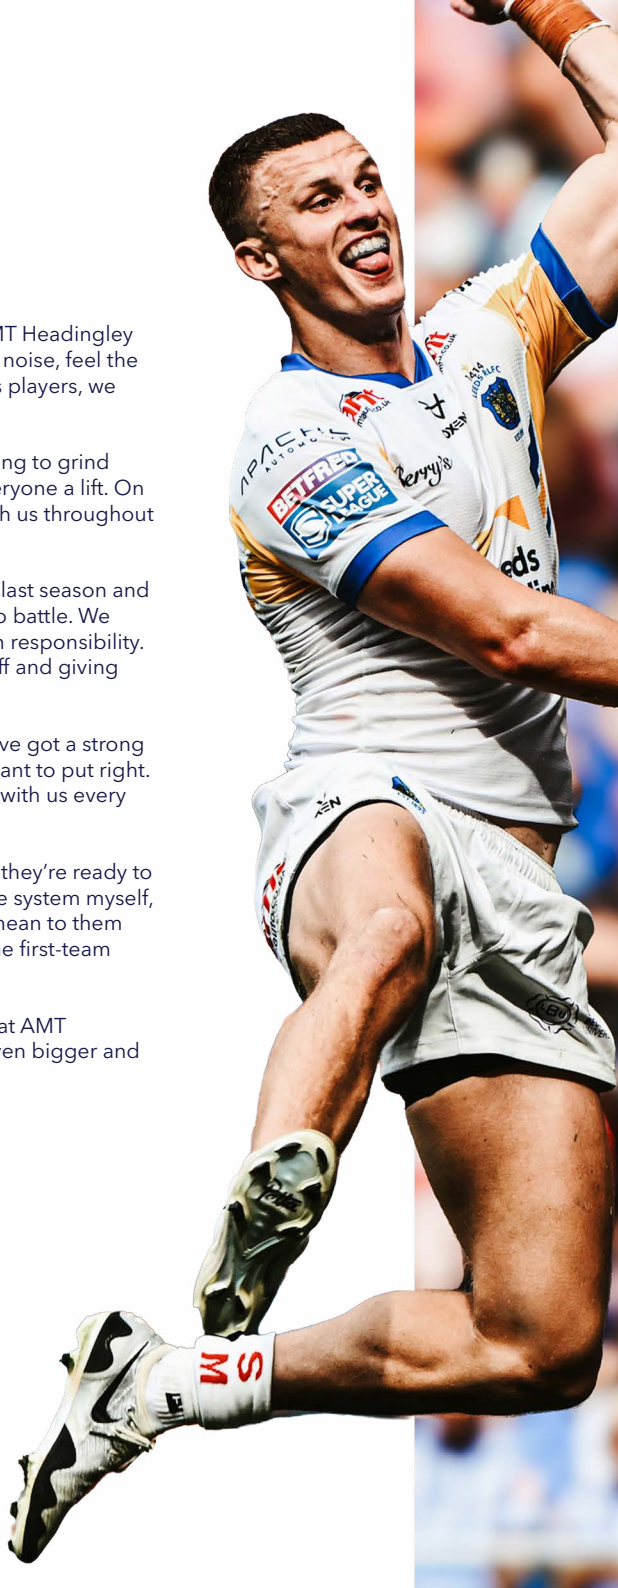

Whether things are going well or we're having to grind out a result, having you behind us gives everyone a lift. On behalf of the lads, thank you for sticking with us throughout 2026.

I was immensely proud to captain the team last season and to have the privilege of leading the lads into battle. We know pulling on the Rhinos shirt comes with responsibility. It means working hard, doing the tough stuff and giving everything for each other.

There's a lot to look forward to in 2027. We've got a strong group, new lads coming in and plenty we want to put right. We're hungry to improve, and we want you with us every step of the way.

Our young players showed last season that they're ready to step up. As someone who came through the system myself, I know how much those opportunities will mean to them and how important a big pre-season with the first-team squad can be.

We felt your support every time we ran out at AMT Headingley in 2026. We want 2027 to be even bigger and even louder.
